

Fundraising Dinner in Support of Dr. Hassan Diab

Saturday, April 16, 2011, 4:30 PM – 8:30 PM

Mosaic Carling Buffet, 2583 Carling Avenue, Ottawa

Your Invitation to Fundraising Dinner

The dinner is in support of Dr. Hassan Diab, a Lebanese-Canadian sociology professor who is facing unjust extradition proceedings based on deeply flawed and unreliable 'evidence'.

Dr. Diab has always maintained his innocence against the allegations of his involvement in bombing near a synagogue in Paris in 1980. He condemns all ethnically and religiously motivated violence.

Canada's unfair extradition law allows Canadians to be shipped to foreign countries based on flimsy, unreliable evidence that is not accepted in Canadian courts. This includes:

Depriving Dr. Diab of his liberty based on handwriting analysis that three internationally renowned handwriting experts described as "appallingly unreliable, absurd, totally misguided and totally incorrect", and that the Canadian judge found "very problematic, very confusing, and with conclusions that are suspect".

Preventing Dr. Diab from submitting conclusive evidence – produced by the RCMP – showing that his fingertip and palm prints do not match those of the suspect.

Allowing the requesting state to suppress any evidence showing Dr. Diab's innocence.

We all have a stake in supporting Dr. Diab in his pursuit of justice. Canada's shockingly low standard for extraditing its citizens is a threat to principles of fundamental justice and to all of us!
