

Petition for the Release on Bail of Dr. Hassan Diab

<http://www.diabpetition.org>

We the undersigned, strongly support the release on bail of Dr. Hassan Diab pending appeal proceedings in the extradition case involving France and Dr. Diab.

As concerned members of the community and Canadian and international public, we strongly support Dr. Diab and the presumption of innocence in his case. We believe Dr. Diab faces injustices in his case, including the reliance of the French government on:

- * unsubstantiated and bald assertions arising from unknown intelligence services, and

- * handwriting analysis that defence experts found to be based on seriously flawed methodology that does not adhere to internationally recognized standards

Dr. Diab has no criminal record anywhere in the world. Since April 1st, 2009, Dr. Diab has been successfully on bail subject to strict conditions, and has dutifully abided by all the terms of his release order.

Pétition pour la libération sous caution de Hassan Diab

<http://www.diabpetition.org>

Nous, les soussignés, appuyons fortement la libération de Hassan Diab sous caution en instance de son appel dans le procès d'extradition impliquant la France et Hassan Diab.

En tant que membres de la collectivité et du public canadien et international, nous appuyons fortement la présomption d'innocence de Hassan Diab dans cette affaire. Nous croyons que Hassan Diab fait face à des injustices, entre autres le fait que le gouvernement français s'appuie sur:

- * des déclarations non prouvées et non corroborées provenant de services de renseignements inconnus; et

- * une analyse graphologique que des experts de la défense ont jugée d'être fondée sur une méthodologie sérieusement défectueuse qui n'adhère pas à des normes internationales reconnues.

Hassan Diab n'a aucun casier judiciaire nulle part. Depuis le 1er avril 2009, il a consciencieusement respecté toutes les conditions de sa libération sous caution.

Petition for the Release on Bail of Dr. Hassan Diab

Thus we request that Dr. Diab have access to bail pending the resolution in Canada of all extradition proceedings. We believe there would be no loss of respect for the administration of justice in Canada if Dr. Diab were admitted to bail, as in our view he should be and has been for over two years.

Pétition pour la libération sous caution de Hassan Diab

Donc, nous demandons que Hassan Diab soit libéré sous caution en instance d'une décision rendue au Canada quant à toutes les mesures d'extradition. Nous croyons que la maintien de la mise en liberté sous caution de Hassan Diab, laquelle a été appliquée durant les deux dernières années comme, selon nous, elle devait l'être et doit encore l'être, n'attenterait nullement au respect pour l'administration de la justice au Canada.
