The Right Honourable Justin Trudeau
Office of the Prime Minister
80 Wellington Street
Ottawa, Ontario, K1A 0A2
Canada

Dear Prime Minister Trudeau:

We are writing to you regarding the case of Dr. Hassan Diab, the Canadian citizen who was extradited from Canada to France based on a handwriting analysis report that the extradition judge described as “convoluted, very confusing, with conclusions that are suspect”. Dr. Diab has been incarcerated in a French prison since November 14, 2014, while the French authorities decide whether to bring him to trial.

We are deeply concerned that Hassan may be wrongfully convicted under France’s anti-terrorism laws, based on deeply flawed handwriting analysis and the use of secret, unsourced intelligence. Hassan must receive a fair process, so he has a real chance to attain justice and return to his home in Canada.

We must make sure that the real perpetrators of the rue Copernic crime are brought to justice. Making an innocent man pay for a crime he did not commit will only further the tragedy.

We urge you to intervene and bring Hassan home.
