FOR RELEASE

The Canadian Unitarians For Social Justice join with the Canadian Civil Liberties Association and the International Civil Liberties Monitoring Group to oppose the use of secret “intelligence” information from unidentified sources – especially information that may well be derived from torture – in the Canadian courts, as is happening in the extradition case of Canadian citizen and university professor, Dr. Hassan Diab.

We must not allow this kind of misinformation and manipulation of evidence to dilute the standards of the Canadian Justice system.

Rev. Frances Deverell
President,
Canadian Unitarians for Social Justice
