

**The Government of Canada
Must Uphold the
Principles of Fundamental
Justice by Protecting
Dr. Hassan Diab
and Refusing Any Second
Extradition Request
from France**

Dear Mr. Carney,

In April 2023, a French court unjustly convicted Dr. Hassan Diab *in absentia*, disregarding all evidence of his innocence and relying on unsourced 'intelligence' that would not be admissible in a Canadian court.

The Canadian government's refusal to publicly commit to protecting Dr. Diab from a possible second extradition request has left him and his family in a prolonged state of limbo and distress.

I respectfully urge you to take a clear and principled stand: Please protect Dr. Diab and affirm unequivocally that Canada will refuse any second extradition request from France.
